4) The Municipality appears to have met the whole of the cost of the second Scheme as a loan. When it has made no allowance to clear this debt loan is rather high for its finances

2) The finances of this Municipality are apparently not in a satisfactory condition Floods have increased its commitments for extensions and incidental works while its indebtedness is growing That the Municipality stands in need of further ~~xxxxxxxx~~ aid from Government in one form or another is evident At the same time it is necessary to see that the Municipality provides as far as possible from its own resources for its obligations and that the burden to be transferred to Government is reduced to the minimum Another case of this Municipality relating to its proposal to spend R 75 000 on Water Supply works ~~which~~ is now under consideration has had been referred to me and I have stated in it that it is not clear what further financial aid is proposed to be given to the Municipality in connection with these works

REMISSION OF HALF THE COST OF DRAINAGE WORKS CARRIED OUT IN SHIMOGA

44) A drainage project costing Rs. 85,495 was sanctioned in Government Order dated the 13th August 191 The estimate was, however ordered to be closed whe the outlay amounting to Rs 51,209 had been incurred (vide G O dated 23rd January 1924) Half the expe diture was treated as Government grant and the other half was required to be paid by the Municipality A it pleaded inability to pay the amount, it was ordere to be treated as a loan to be paid by the Municipali (vide G O dated 23rd January 1924) No recovery has so far been made towards the loan

45) With his letter dated 21st August 1925 the Deputy Commissioner forwarded, with his support the resolution of the Municipality that half of the cost which it was required to pay might be remitted The request has not yet been passed

46) The Municipality was required to submit a repo regarding its total indebtedness and the measures proposed to adopt for repaying the several loans The Deputy Commissioner in his letter dated 28th Decer 1925 has sent a resolution of the Municipality pres ing for the write off of half the cost of drainage works and for this item being excluded from its list of debts He however, has made an alternative proposal that if Government are not prepared to remit the loan its repayment may be permitted in annual instalmen of Rs 2,500/-.

47) The Municipality is under the impression that

Contin Sheet

Serial No

the moiety payable by it is Rs.25,605/- according to the Comptroller's accounts, however the amount recoverable is Rs.30,400/-.

48) The financial condition of the Municipality is not very satisfactory and it has many comitments to meet on account of the town extension and water supply improvement works. It is desirable therefore to show some concession to the Municipality.

49) The Financial Secretary (Mr.M Srinivasa Iyengar) is also of opinion that the request of the Municipality in respect of the cost of drainage works may be dealt with in an indulgent manner. He proposes that its liability may be limited to Rs.25,000 which is half of Rs.51,209/- the amount taken in G.O. dated the 26th January 1924 He adds that if necessary no interest need be charged on this loan.

50) As stated above, the total amount outstanding against the Municipality is Rs.30,400/-. In view of all the circumstances, I think it is desirable to waive one-half of this charge. If this half is taken at Rs.15,400/-, the balance would amount to Rs 15,000. This amount, the Municipality may be required to repay at the rate of Rs.2,500/- per annum, and it may be further allowed the concession of not paying any interest on this loan, as recommended by the Financia Secretary. These concessions may be made conditional on the Municipality setting aside without fail in its annual budget a sum of Rs.2,500/- for repaying the amount.

51) The remission of Rs.14,400 proposed above does not

Serial No

not require any application to the Legislative Council for an additional grant as the whole outlay, except a sum of about Rs.5,000/- has been charged off in the final accounts of Government and there is no question of actually writing off of any loan ~~except the sum~~ which is ~~Rs.[illegible]~~ held under a debt head.

Sir,

With reference to correspondence ending with your letter D C No L 462 dated the 21st July 1925 regarding the proposal of the Shimoga Town Municipal Council to write off the moiety of the amount due by them for the drainage Scheme of the Shimoga Town, I have the honour to enclose herein, copies of the marginally noted correspondence received from the President of the Shimoga Town Municipal Council and to state that the financial condition of the Municipality is not very satisfactory The receipts are no more than & expenditure and the liabilities of the Municipality come up to Rs 63000/- nearly Sufficient funds are not available to keep in good repair the existing roads and drains, not to speak of undertaking any original works The devastation caused by the floods has added to the financial strain By the state of finances, the Municipality was compelled to approach Government with a prayer for a grant of Rs 50000/- and the Government being convinced of the crippled condition of the finance, graciously sanctioned a loan of Rs 25000/- and a grant of a like sum It looks as if the Municipality would be rendered helpless unless very strong and persistent executive action is vigorously in collection the old arrears with the assistance and t-

PT

tapping new sources of income I am glad to report that the Municipality has been straining every nerve to improve its resources but this is a matter which takes some time to show substantial results

2 As it is, the Municipality is quite incapable of paying a moiety of the cost of the drainage Scheme which comes to Rs 25,605/- If the payment is insisted upon the Municipality will have to meet the expenditure out of the free grant so liberally granted by Government and will be obliged to abandon the improvements to the water works and the formation of the extensions In these circumstances, I recommend that the Government might be pleased to favourably consider the prayer of the Municipali Council and order the writing off of the moiety of the cost now demanded of them

I have the honour to be,

Sir,

Your most obedient servant

Letter No 1266 Dated 10th February 1925 from the President Shimoga Town Municipality to the Deputy Commissioner, Shimoga Dt

---

With reference to your memos No H C 399/Rev 23-24 of 8th February 1924 and No Gl 46880 of 16th July 1924, Regarding the adjustment of a moiety of cost for the drainage works in the Shimoga Town, I have the honour to state that the question was discussed at the Council's meeting held on 25th October 1924 when it was resolved that the Government may be approached to kindly order the amount to be written off owing to the inability of the council to meet this expenditure out of the slender resources of the municipality

Since the scheme was sanctioned the Municipality had to meet several liabilities and to pay, out of its funds and the loans raised for the purpose a large sum amounting to Rs 89889/- for the water supply alone The mohatarfa taxes will it is also feared go down for a few years to come on account of the loss of about 800 houses in the town during the disastrous floods of the last successive two years Besides the municipality has to incur a heavy expenditure for laying out new extensions in healthy localities far away from the flooded areas

Under the above circumstances I request you to be so good as to recommend to Government for kindly ordering the amount to be written off as a special case

A copy of the managing Committee's resolution passed on 22-10-24 and approved by the Council at their General Meeting held on the 25th October 1924 is submitted herewith,

With reference to your mem. No H C 399/23-24 dated 27th April 1925 calling for a detailed report in the matter of the M moiety of expenditure incurred in connection with the drainage scheme, I have the honour to state as follows -

(1) In Government order No 1731-57 P J 8645-9 dated 13-8-17 an estimate for Rs 85495/- was sanctioned for the marginally noted improvement works of Shimoga The construction of 8 submains was one of the items amongst them the work was immediately put on hand and closed for an estimated cost of Rs 51,209/- under orders of Govern_ent (vide G.O No L 5738-40/ ML 41-23-11 dated 26-1-24)

(2) To meet the cost of drainage and Water works, the Municipality was permitted to raise a loan of Rs 81267/- by issue of debenture bonds (vide G O No xxxxxxxx 2395-7 ML 44-17- dated 30th October 1917 and R 1007-9 M.L 127-17-4 dated 17-7-19) But the loan could not be pushed thr ugh as almost at the same time the Government loan with its attra tive features was thrown open to the public This was re orted to Government and their sanction obtained to defer the improvement works other than the water supply scheme for which a second loan of R20000/- was sanctioned in G C No L R dated 18-10-21 with permissi n to app- appropriate the fifteen thousand rupees raised for model houses

(3) The abnormal floods of the last two su cessive years have brought on further liabilities in the forma ion f new extensions and the improvement of water supply etc , The Government have kindly sanctioned a grant of R. 25000/- and also a loan of Rs 25000/- for this purpose But this is inadequate to meet the heavy expenditure in providing the needs of the people to be located in the extensions

(4) The Revenue of the Municipality is almost equal to its expenditure There is liability to an extent of Rs 62850-12-6 outstanding against this Mu ici_lity as per details given below

2) Cost of materials supplied by the P W Dept while handing over charge of water works ——— Rs 7204-5-9

Balance of loan towards the old water supply scheme " 16000-- --

3) Loan for new water supply improvement-works " 25,000 - --

4) Loan towards {drainage works} —— 30 400 - - - (According of the

To the Public

5) Model House loan —— " 15000 - --

3 The Municipal Council has agreed to pay item No 1 at the rate of Rs 1,000 a month

4 As regards item (5) the Municpl Council has set aside a sum of Rs 2,000 up to 30th June 1925 and has made a provision of Rs 2 000 in the current year's budget A sum of Rs7 000 realised from the sale of Model Houses and held in Savings Bank is also available If the Municpl Council will make 2 more annual contributions of Rs 2000 each full provision for the discharge of this liability will have been made

(Continuation sheet draft form.)

5 No proposals have been made as to what ways and means will be provided for repaying loans Nos (2) and (3)

6 As regards the cost of the drainage works, the Municipal Council is under the impression that the annuity payable is Rs 25,605, but according to the Comptroller's accounts, the amount recoverable is Rs 30,400 The Defaulty Council has sent a resolution of the Council requesting the writing off of half the cost of this work and the exclusion of this loan from the list of liabilities and as case this request cannot be complied with, he has recommended that the Municipal Council may be permitted to repay the amount in annual instalments of Rs. 2,500.

7 The financial condition of the Municipal Council is not satisfactory and it has been

WT 2000—GPL—1,00,000—09-7-20

commitments to meet and Government will therefore be prepared to waive a sum of Rs 15,400 out of the total loan of Rs 30,400 due and also not to charge interest on the balance of Rs 15,000 if the Municipal Council will undertake (1) to provide in its budget commencing from 1926-27 for repayment of Mahadi loan Rs 2,500 per annum (2) arrange for the discharge of loans Nos 1 and 5 as stated in paras 3 and 4 above and (3) formulate proposals for discharging loans Nos 2 and 3 with interest from annual contributions commencing from 1926-27

5 The Defaulting Council is requested to submit in consultation with the Municipal Council proposals for reducing its debt position in order

A very early disposal is requested
